

AFTER 7 YEARS—STILL WELL

Now Enjoys Best of Health and Does Her Housework Unaided

"I didn't enjoy one day of good health for more than two years," says Mrs. C. E. Wilder, 718 E. Georgia St., Memphis, Tenn.

"At first I had nothing more than backache. Afterwards terrible attacks of pain left me weak and limp. My arms and limbs ached. My feet felt weighted with tons of lead. I couldn't walk without a cane and had to be carried to bed every night. I couldn't do a bit of work and kept my people busy rubbing my aching limbs. Sometimes my whole body became rigid. My feet were swollen twice their normal size.

"It almost killed me to pass the kidney secretions. I lost 42 pounds and each day felt I had aged a year. I was so nervous the rustle of a paper made me scream.

"Finally I was advised to use Doan's Kidney Pills and seven boxes made me a well woman. I have enjoyed the best of health for seven years, and have done all my housework without any trouble."

COAX 'EM

Stop Whipping Bowels Into Activity, but take "Cascarets"

Put aside the Salts, Pills, Castor Oil, or Purgative Waters that irritate and lash the bowels into action but which do not thoroughly cleanse, freshen and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels which are keeping you half sick, headachy, and miserable.

Cascarets tonight will make you feel great by morning. They work while you sleep—never grip, sicken or cause inconvenience. Cascarets cost so little too.—Adv.

NEGLECTING THAT
COLD OR COUGH?

Why, when Dr. King's New Discovery so promptly checks it

IT'S natural you don't want to be careless and let that old cold or cough drag on or that that attack develop seriously. Not when you can get such a proved successful remedy as Dr. King's New Discovery.

Cold, cough, grippe, croup does not resist this standard remedy very long. Its quality is as high today as it always has been—and it's been growing steadily in popularity for more than fifty years. 60c. and \$1.20 a bottle at all druggists.

Constipated? Here's Relief

Not that often harmful, always violent and temporary help that comes from harsh purgatives, but the comfortable, gratifying, corrective regulation of stubborn bowels so pronounced in Dr. King's New Life Pills.

Tonic in action, they promote free bile flow, stir up the lax, thoroughly but gently cleanse the system of waste matter and fermenting foods, and give you keen rest for hard work and healthy recreation. All druggists—25c.

MAY HOLD WORLD MEET ON FINANCE

FRENCH GOVERNMENT OFFICIALS FAVOR INTERNATIONAL DISCUSSION.

URGE U. S. PARTICIPATION

Plan, Suggested By Great Britain, Said to Be Outgrowth of Bankers' Conference Held at Amsterdam.

Paris.—Proposals that an international financial conference be called immediately to consider measures for the relief of the international exchange situation find support in French government circles. The plan has been suggested by Great Britain and is said to be the outgrowth of the recent bankers' conference at Amsterdam, at which the situation was considered with the conclusion that international action was necessary.

Eventual participation by the United States in such a conference is expected by French financiers. One prominent banker said he could not see how the United States could stay out since the market probably would be demoralized by the exchange situation and that American business even was more interested than that of Europe in a solution of the exchange problem that would reduce to a minimum the necessity for European countries to restrict imports from the United States. In the absence of other effective measures, he said, restrictions on imports would probably become more rigorous.

SAY ONLY DID THEIR DUTY

Is Claim of German Officers Who Are Fighting Demand of Allies For Their Surrender.

Berlin.—The German government probably will be willing to surrender its nationals charged with war crimes if the entente will agree, says the National Zeitung. The Swiss government, the newspaper says, has declared its readiness to arrange such a tribunal. Field Marshal von Buelow told the Lokal Anzeiger that Germans whose names are on the list of those whose extradition is demanded by the allies "only did their duty to the fatherland," and that extradition was ignominy to which "no German could voluntarily submit."

WOULD STOP PROPAGANDA

Bill Would Require Associations to Make Accounting For All Monies Expended.

Washington.—Associations raising funds to be used to influence national legislation or public opinion on national questions by means of propaganda of any sort would be required to account for every dollar collected under a bill introduced by Representative McKenna, of Oklahoma. The bill would require filing of a statement with the secretary of commerce showing the amount received, who gave it, and how it was spent.

Many Vessels Sold.
Washington.—Ships sold by the shipping board up to January 20 brought \$52,424,438, according to reports completed by the board. A total of 163 vessels of 610,684 deadweight tons were disposed of to more than a score of companies.

Military Academy Reopens.
Mexico City.—Chapultepec Military Academy, known as the "Mexican West Point," was reopened as the leading feature of the celebration of the national holiday. The school has been closed for the past five years.

Ovation For Pershing.
Dallas, Tex.—May Day weather and thundering ovations greeted Gen. John J. Pershing when he came to Dallas on his triumphant tour of western and mid-western cities.

Million Dollar Fire.
Manila, P. I.—Damage to the amount of a million dollars was caused here last night when fire destroyed half the buildings of the Philippine carnival exposition and the island exhibitions they contained.

Say Crazy By Spiritualism.
London.—One hundred thousand cases of insanity in Britain have been caused by spiritualism, according to Dr. A. T. Scheffeld, a prominent London physician.

STEPS TAKEN TO AVOID MONEY PANIC

BANKERS SAY NEEDS OF LEGITIMATE BUSINESS WILL BE GIVEN LIBERAL CONSIDERATION.

20 PER CENT. CALL RATE

Will Not Finance Speculative Schemes But Needs of Legitimate Business Will Be Given Liberal Consideration.

New York.—Leading Wall Street bankers have taken steps to prevent the development of a money panic. It was learned on excellent authority, and confirmed in other quarters, that the necessary understanding has been reached at a series of informal conferences held in the last few days. Details of the discussions at these conferences are not available, but it is known that some of the bankers concerned have talked about the matter with William H. Remick, president of the New York Stock Exchange.

Call loans at the exchange were renewed at 17 per cent, the highest renewal rates since January, 1908, and at least one large lender refused to renew loans at less than 20 per cent. Later in the day the market rate advanced to 20 per cent. Bankers made it clear that their new policy of providing for the essential needs of the stock exchange would not mean easy money and that they would not finance gambling operations either in securities or commodities.

However, they are acting to make any readjustment that may take place orderly and not excited. Commercial organizations have been told that their legitimate needs for bank loans would be provided for, in spite of any tightening of the reins incident to the campaign away from over-expansion which the federal reserve board is directing.

On their own initiative the New York bankers, it was definitely asserted, will not formally revive the money committee which was called into existence as an adjunct to the Liberty loan committee by the Treasury Department during the war. Designed to conserve credit in order to make large government financing possible, the money committee both kept the lid on the market to prevent heat of speculation, on the one hand, and as a money pool, kept the market from credit starvation by supplying funds at a fixed rate of 6 per cent.

Farmers Buying Autos.
Grand Forks, N. D.—Economists say that the prosperity of a region is best reflected by its buying power. If that be true, North Dakota is surely experiencing a remarkable period of prosperity, for a solid trainload of automobiles that arrived here recently in the morning, was sold to the last car before the close of the day.

Boosts Potato Prices.
Ashland, Wis.—The heavy snowfall in Wisconsin is playing an important part in boosting the price of potatoes and other farm commodities, according to local dealers.

Russian Bolshevik Recruiting.
Washington.—The Russian Bolsheviks are recruiting natives and war prisoners into new units in Turkestan, according to information received by the State Department.

Canada Cuts Imports.
Montreal.—Imports from the United States are cut to the limit. This was reported, is due to the recent sharp slump in sterling exchange.

To Define French Attitude.
Paris.—Jules J. Jusserand, French ambassador at Washington, has received instructions to define the attitude of the French government toward reservations to the covenant of the league of nations.

Military Attaches Assemble.
Rome.—American military attaches accredited to 17 European countries assembled here under the chairmanship of Brig. Gen. Evan M. Johnson, attaché of the American embassy at Rome.

To Consider Woman Suffrage.
Muskegon, Okla.—Gov. J. B. A. Robertson announced that pursuant to the action of the state Democratic convention, he would call a special session of the legislature to ratify the woman suffrage amendment.

Price Fixing Denied.
Washington.—Replying to a resolution of the House, the Department of Justice denied that it had fixed a price of 17 cents for Louisiana plantation sugar.

GRAVE CHARGES BY FORMER DIRECTOR

EXTRAVAGANCE WAS RAMPANT AND PATRIOTISM WAS ENTIRELY FORGOTTEN.

HITS CYANAMID COMPANY

Wholesale Recklessness and Waste Charged—Scheme Evidently to Have Government Sell the Plant at Small Cost.

Washington.—Reckless extravagance in the construction of the government nitrate plant at Muscle Shoals, Ala., was charged in a report by Col. Fred H. Wagner, formerly director of operations at the plant, filed with the House expenditure committee.

The Wagner charges went deep into detail, filling more than 100 pages and touching on every possible phase of the building and operation of the \$70,000,000 war project. It was too much for Chairman Graham to read in a day, but he declared the conclusions revealed "astounding conditions."

Packed away in the bulky document, Col. Wagner related what he alleged to be the story of Muscle Shoals, built on the coal-plus plan with war-time speed as the only consideration. Big items were put down with little items, running all the way from the charge that the accounting system was so bad no business, however efficient, "could tolerate it and exist" to the tale of the head barber in a company shop who raked down \$5 a day extra for changing five times, that much money flowing into a cash register.

With the bold accusation that even in a national emergency, patriotism at Muscle Shoals was forgotten, Col. Wagner told how he had protested against paying \$50 for a portrait of Frank S. Washburn, of New York, president of the American Cyanamid Company, the subsidiary of which, the Air Nitrates Corporation, had the government contract for the actual building. The biggest chapter was written under the caption of "extravagance," with waste, inefficiency and irregularities placed next in that order in the wholesale indictment.

"After extravagance has made commercial operation impossible, under government direction, one naturally assumes that the government could be induced to dispose of the property at a sacrifice."

BIG DOCK FIRE AT HAVANA

Flames Spread to Adjoining Buildings and Cause Loss of Many Millions.

Havana.—Fire aboard the American wooden freighter Brookland at the Regla docks in Havana harbor spread to the principal buildings of the American Agricultural and Chemical Company, destroying the buildings and their contents. The loss is estimated at more than \$10,000,000.

BIG SNOW STORM IN EAST

Storm Was Accompanied By Fifty-mile Gale—New York Faces a Coal Famine.

New York.—The heaviest snow storm of the season visited the Atlantic coast, the fall being from six to twelve inches.

Heavy waves rolled up by a 50-mile gale on the north Atlantic coast while the snow fell on the shore were trying with indifference to dislodge themselves out of a deepest snow drifts of years. Damage done by the sea to resorts and summer homes along the New Jersey and Long Island coasts was estimated at hundreds of thousands of dollars.

Cold, snow, ice and high seas have made it almost impossible to transport coal from the tidewater reservoir at Perts Ambroy to New York and thence to the fuel famine, which will force all its transportation lines to suspend operations unless the weather moderates swiftly.

Increase For Disabled.
Washington.—Compensation for disabled soldiers taking courses of vocational rehabilitation would be increased to \$100 monthly for those without dependents and \$120 monthly for married men, under a bill introduced.

Reward For Influenza Cure.
Denver.—The Denver Post announced it would pay \$25,000 to the physician finding a cure for influenza. The money is to be paid after the cure has been approved by the Rockefeller Institute and Johns Hopkins University, Baltimore.

Set Maximum Profit.
New York.—Sixteen per cent was set as the maximum profit for woolen merchants by Arthur Williams, federal food administrator.

LESS MEAT IF BACK AND KIDNEYS HURT

Take a Glass of Salts to Flush Kidneys if Bladder Bothers You.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked; get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then set fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.—Adv.

GREAT BELIEVER IN BLACK-DRAUGHT

Oklahoma Lady Tells How Her Husband Believes in Black-Draught and Uses It For Many Ailments.

Nowata, Okla.—Mrs. W. B. Dawson, a resident of this place, says: "My husband is a great believer in Black-Draught and thinks it cures about everything.

It is splendid for headache, constipation (which usually causes headache), indigestion or any kind of stomach trouble, and we just keep it for these troubles. I don't know when we haven't used it, and we always find it satisfactory.

I know it has done us both a lot of good and saved us many dollars. I use it in teaspoon doses at first and follow with small doses, and it sure does make a person feel like new. It cleanses the liver better than any other liver tonic I have ever used, and after taking a thorough course nature asserts itself and you are not left in a constipated condition that follows a lot of other active medicines. This is one thing I like especially about it."

For over 70 years Thedford's Black-Draught has been in use for many simple ailments and today is a recognized standard remedy in thousands of family medicine chests. It will pay you to keep Black-Draught in the house for use when needed.

Your druggist sells it.—Adv.
